In total, **3619** Somali students participated; 2305 (63.7%) in the Twin Cities and 1314 (36.3%) in Greater MN. This includes Somali students who identify with multiple racial or ethnic communities.

Among the MN population of youth 17 years old or younger, 55.4% live in the Twin Cities. The percent of the MN youth population by region is in parentheses. *Source: <http://www.mncompass.org/>*

Statewide, 85% of school districts participated in the 2016 MSS. In some schools, all students participate in grades 5, 8, 9, and 11. In other schools, students are sampled from these grades.

Equipped for Learning

To be equipped for learning on Developmental Skills & Supports, students must score at the point where they report that the characteristics of the measure (values, beliefs, behaviors) are more like them than not. This is essentially an average of three out of four on a 4-point rating scale.

Developmental Skills

Commitment to Learning

care about doing well in school, pay attention in class, go to class prepared, interest in learning, find school learning useful, being a student is an important part of who I am.

Positive Identity and Outlook (DAP)

have a sense of control of one's life, feel good about self and future, deal well with disappointment and life's challenges, and think about purpose in life.

Social Competence (DAP)

say no to dangerous/unhealthy things, build friendships, express feelings appropriately, plan ahead and make good choices, resist bad influences, resolve conflicts without violence, accept differences in others, and recognize the needs and feelings of others.

Afterschool Activities

Ignite Afterschool promotes access and regular participation (3 times a week or more) in afterschool activities and programs.

The percent reporting positive experiences only includes those students with regular participation.

For more information, see

<http://igniteafterschool.org/afterschool-access>

Does it make a difference?

The grades students achieve in school and their post-high school plans are strongly associated with developmental skills & supports (which are also important outcomes); participation in afterschool activities; and indicators of health & well-being, context, and challenges.

Developmental Supports

Empowerment (DAP)

have a sense of safety at home, at school, and in the neighborhood; feel valued and appreciated; included in family roles; and have responsibilities

Family/Community Support

able to talk with mothers (if available) and feel cared for by parents, other adult relatives, friends, and other adults in the community.

Teacher/School Support

report that adults at school treat students fairly and listen to students; that school rules are fair; that teachers care about students and care about and are interested in you.

DAP measures are from the *Developmental Assets Profile*, Search Institute, Minneapolis, MN.

Additional Indicators

- Working at least 1 day per week includes students in 9th and 11th grade only.
- Indicators for trauma and mental distress include students in 8th, 9th, and 11th grade only.
- Trauma experiences include homelessness, parent incarceration, verbal/physical abuse, sexual abuse, family alcohol/drug abuse.
- Mental Distress includes significant mental health and behavior-emotional problems; self-injury; suicidal thoughts and attempts.
