Minnesota Student Survey – Students in the Northland MN Area

2013 2016 2019

The MSS provides us with an opportunity to listen and hear our students.

In total across the three administrations of the MSS, 500,895 students in grades 5, 8, 9, and 11 participated. In Northland Minnesota, 25,606 students participated.

From 2019 data, the top number in each region is the percent of students participating in the MSS located in that region; the number in parentheses is the regional location of MN youth (17 year olds or younger) in the MN population.

Population data source: <http://www.mncompass.org/>

The number of students (and percentage) with each characteristic in this region is reported below. This will be helpful in interpreting results for each group. Profiles for groups with samples less than 10 are not reported.

Race/Ethnicity	2013	2016	2019
American Indian	806	813	804
	9.5%	9.8%	9.5%
Asian PI	79	78	114
	0.9%	0.9%	1.3%
Black	126	174	190
	1.5%	2.1%	2.2%
White	7070	6575	6930
	83.1%	79.6%	81.8%
Multiple-race	160	215	195
	1.9%	2.6%	2.3%
Latino	223	347	222
	2.6%	4.2%	2.6%
Somali	21	32	3
	0.2%	0.4%	0.0%
Hmong	20	25	9
	0.2%	0.3%	0.1%

Other Student Characteristic	2013	2016	2019
Foster care	64	65	427
	0.7%	0.8%	5.1%
Free/reduced priced lunch	2626	2485	2066
	31.0%	30.6%	29.8%

LGBQ	267	415	490
	6.4%	10.3%	13.6%
Special education	850	971	897
	10.1%	11.9%	13.5%
Trauma	3014	2496	2558
	36.6%	42.4%	43.0%
TOTAL	8596	8351	8659

Positive Youth Development

We base this work on the principles of Positive Youth Development.¹ This is informed by positive psychology and the developmental asset approaches. This provides us with a strong set of principles through which to be better equipped to meet the needs of youth across diverse communities.

- Youth have an inherent capacity for positive development
- That is enabled and enhanced through multiple meaningful relationships, contexts, & environments
- Where community is a critical delivery system
- And youth are major actors in their own development

Equipped for Learning

To be equipped for learning on Developmental Skills & Supports, students must score at the point where they report that the characteristics of the measure (values, beliefs, behaviors) are more like them than not. This is essentially an average of three out of four on a 4-point rating scale.

The items measuring Developmental Skills & Supports function similarly across years and for students from different grades and different racial or ethnic backgrounds.

Does it make a difference?

Students who are equipped in the Developmental Skills & Supports report higher school grades, are more likely to have higher aspirations to go to college, and have higher participation in afterschool activities.

Those equipped for learning in the Developmental Skills & Supports are bullied less, engage in less bullying, are less likely to skip school or engage in substance use, and experience less mental distress

Developmental Skills

Commitment to Learning

I care about doing well in school, pay attention in class, go to class prepared, am interested in learning, find school learning useful, and being a student is an important part of who I am.

Positive Identity and Outlook (DAP)

I have a sense of control in my life, feel good about myself and future, deal well with disappointment and life's challenges, and think about my purpose in life.

Social Competence (DAP)

I say no to dangerous/unhealthy things, build friendships, express feelings appropriately, plan ahead and make good choices, resist bad influences, resolve conflicts without violence, accept differences in others, and recognize the needs and feelings of others.

Afterschool Activities

Ignite Afterschool promotes access and regular participation (3 times a week or more) in afterschool activities and programs.

The percent reporting positive experiences only includes those students with regular participation and was included in the 2016 and 2019 MSS.

For more information, see

<http://igniteafterschool.org/afterschool-access>

Developmental Supports

Empowerment (DAP)

I have a sense of safety at home, at school, and in the neighborhood; feel valued and appreciated; am included in family roles; and have responsibilities.

Family/Community Support

I feel cared for by parents, other adult relatives, friends, and other adults in the community.

Teacher/School Support

Adults at school treat students fairly and listen to students; school rules are fair; teachers care about students and care about and are interested in me.

DAP measures are from the *Developmental Asset Profile*, Search Institute, Minneapolis, MN.

Additional Indicators

- Indicators for trauma include 5th grade only in 2013 and for mental distress do not include 5th grade in any year; both indicators include grades 8, 9, & 11.
- Trauma experiences include homelessness, parent incarceration, verbal/physical abuse, sexual abuse, family alcohol/drug abuse.
- Mental Distress includes significant mental health and behavior-emotional problems; self-injury; suicidal thoughts and attempts.

All Students in North for 2013

High School Graduation and Beyond

99% of All students plan to graduate high school.

75% plan to attend a 2 or 4 year college/university.
5% plan to obtain a license/certificate or apprenticeship.
2% plan to obtain a GED.

Developmental Skills & Supports

What percentage of All students meet the threshold to be equipped for learning with developmental skills and supports?

Commitment to Learning

Positive Identity and Outlook

Social Competence

Empowerment

Family and Community Support

Teacher and School Support

After-school Activities

Percent of All students who...

Are aware their school/community offers a variety of programs

Participate at least 3 times per week

Health and Well-Being Indicators

Are physically active at least 60 minutes, 5 times per week.

Eat fruits and vegetables at least once a day.

Sleep at least 8 hours in a typical school night.

Reported having very good or excellent health

Context Indicators

Obtained mostly As for school grades.

Were sent out of class for discipline.

Feel safe at school.

Challenge Indicators

Experienced harassment/bullying in the last 30 days in school.

Experienced at least one indicator of trauma.

Have at least one indicator of mental distress.

All Students in North for 2016

High School Graduation and Beyond

99% of All students plan to graduate high school.

73% plan to attend a 2 or 4 year college/university.
4% plan to obtain a license/certificate or apprenticeship.
2% plan to obtain a GED.

Developmental Skills & Supports

What percentage of All students meet the threshold to be equipped for learning with developmental skills and supports?

Commitment to Learning

Positive Identity and Outlook

Social Competence

Empowerment

Acknowledgements

The [Minnesota Youth Development Research Group](#) is supported through the Carmen and Jim [Campbell Leadership Chair](#) in [Education & Human Development](#) at the University of Minnesota. This report, containing student-community profiles, was developed with the support of Campbell graduate research assistant, Rik Lamm, and Dr. Andrew Zieffler. We also appreciate the support of the [Educational Equity Resource Center](#) at the U of M. Finally, we acknowledge the [Search Institute](#)'s developmental assets framework and their positive youth development approach to helping youth become their *best selves*. We offer this report as a model of engaged scholarship, consistent with the research, teaching, and outreach missions of the University of Minnesota, the state's land grant research institution of higher education.
